- Worksheet – One Worksheet will be needed for each Utah business location. Please print additional Worksheets as needed.
- [Excel Version](#) – For your convenience, we recommend using this version. Only the blue-shaded fields need to be filled. Please enter your business name, Federal ID or SSN, business location address, and the date on which you are submitting the self-review. You will need to enter the date in order for the Worksheet to properly calculate interest. Please select a location city (or county, if the business location is outside city limits) from the drop down list in the first row. Tax rate information will be automatically inserted. Enter amounts in the “Total of Untaxed Sales” and “Total of Untaxed Purchases” columns as indicated by the Instructions above, and tax and interest will be automatically computed.
- [PDF Version](#) – If you use this version of the Worksheet, the Tax Rate Table below will assist

you in determining tax rates to use.
